SECRET (When Filled In)

TECHNICAL BACKGROUND PROCUREMENT INFORMATION

В.	Evaluation of previous performance: 50 previous performance record.
Br	ief description of this procurement: The design and development of one
	scum easel for the enlarger
	Estimated total amt.
Α.	Deliverable items: One vacuum easel and outline drawings showing the
đe	esign concepts and overall dimensions.
	modified commercial item? If "yes", is it anticipated that any more of this unit will be procured? If "yes", is it anticipated that set of directly reproducible manufacturing drawings and specifications would normally be included in this procurement. Comments:
	modified commercial item? If "yes", is it anticipated that any more of this unit will be procured? It is a complete set of directly reproducible manufacturing drawings and specifications
B.	modified commercial item? If "yes", is it anticipated that any more of this unit will be procured? It so, a complete set of directly reproducible manufacturing drawings and specifications would normally be included in this procurement. Comments:
	modified commercial item? If "yes", is it anticipated that any more of this unit will be procured? It so, a complete set of directly reproducible manufacturing drawings and specifications would normally be included in this procurement. Comments:
964	modified commercial item? If "yes", is it anticipated that any more of this unit will be procured? It so, a complete set of directly reproducible manufacturing drawings and specifications would normally be included in this procurement. Comments:
901	modified commercial item? If "yes", is it anticipated that any more of this unit will be procured? It is o, a complete set of directly reproducible manufacturing drawings and specifications would normally be included in this procurement. Comments: IT-A Will contract cover a period of more than 90 days? It is o, indicate from the procure of the proc
	modified commercial item? If "yes", is it anticipated that any more of this unit will be procured? It is o, a complete set of directly reproducible manufacturing drawings and specifications would normally be included in this procurement. Comments: It-A Will contract cover a period of more than 90 days? If "yes", are progress reports desired? If so, indicate fr quency, content and number of copies desired: Monthly, technical progress.
901	modified commercial item? If "yes", is it anticipated that any more of this unit will be procured? It is o, a complete set of directly reproducible manufacturing drawings and specifications would normally be included in this procurement. Comments: It-A Will contract cover a period of more than 90 days? If "yes", are progress reports desired? If so, indicate fr quency, content and number of copies desired: Monthly, technical progress.
900	modified commercial item? If "yes", is it anticipated that any more of this unit will be procured? It is o, a complete set of directly reproducible manufacturing drawings and specifications would normally be included in this procurement. Comments: It-A Will contract cover a period of more than 90 days? If "yes", are progress reports desired? If so, indicate fr quency, content and number of copies desired: Monthly, technical progress.

E. Is any special tooling involved? Yes, possibly. F. Security: F. Security: I. Reasons for selection of this source. If other sources were considered, indicate results. If no other sources were considered, list the reasons why this firm is considered to be uniquely qualified to perform this work. This contractor was selected because of their superior grasp of the technological problems involved. They propose to spend much more time on the theoretical investigation and on the design concept than the one other company tast bid has enquirised to perform this investigation design includes a casting fact alone indicates the superior nature of the proposal and a far better grasp of the problems involved. If contract will cover deliverable item(s) state room location where equipment will be installed factor lab. (It is extremely important that the Engineering Data Sheet including room location and any other pertinent facts be submitted to NFIC Engineering Section as far as possible in advance of technical contact.	
Reasons for selection of this source. If other sources were considered, indicate results. If no other sources were considered, list the reasons why this firm is considered to be uniquely qualified to perform this work. This contractor was selected because of their superior grasp of the technological problems involved. They propose to spend much more time on the theoretical investigation and on the design concept than the one other company that bid that are qualified to perform this investigation [Selign includes a casting fact alone indicates the superior nature of the proposal and a far better grasp of the problems involved. [If contract will cover deliverable item(s) state room location where equipment will be installed the cover deliverable item(s) state room location where equipment will be installed the cover deliverable item(s) state room location where equipment will be installed the cover deliverable item(s) state room location where equipment will be installed the cover deliverable item(s) state room location where equipment will be installed the cover deliverable item(s) state room location where equipment will be installed to lab. [If is extremely important that the hardness of the cover delivery.]
